A VOICE

From the Executive Mansion.

MR. A. K. HAWKES—Dear Sir: The pantooscopic glasses you furnished me some time since give excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. Respectfully,
JOHN B. GORDON,
Governor of Georgia.

All eyes fitted and fit guaranteed at the Drug Store of POWER & REYNOLDS, Maysville, Ky.

Labor Mass Meeting.

New York Sympathizers With Central Strike's.

DEPEW SEVERELY DENOUNCED

Speeches by Powderly and Others in Which the Central President is Blamed for the Central Strike—Chief Arthur and the State Board of Arbitration Also Receive Their Share of the Blame. Other Labor News.

NEW YORK, Aug. 27.—About 5,000 persons assembled in Union square last night in response to the call for a meeting of sympathy with the New York Central strikers. Speeches protesting against the action of the Pinkerton men at Albany and elsewhere, the action of the Brotherhood of Locomotive Engineers, and of the officers of the New York Central in particular were made by Mr. T. V. Powderly, Robert Blissert, Mr. Margant Moore and others, and resolutions of like purport were adopted. Mr. Blissert and Mr. Moore recited the wrongs inflicted upon the workers by capitalists, and urged workmen not to vote for the party that supported capitalists. It was Chaucer M. Depew's highest ambition, Mr. Blissert said, to be at a table with the Prince of Wales at the head. The country did not want that kind of a man for president.

Mr. Powderly said it was announced from Terre Haute last night that the supreme council of the Federation of Railroad Employees had endorsed the action of the knights in the present strike. There were men in other organizations who were waiting for a popular movement. He did not care. He would go on and fight until the capitalists of the country were overthrown. Though the Central claimed they were moving freight, they were not. If that monopoly cannot move freight the state must be called upon to compel it to surrender its charter to those who will move freight, or to the state. Yesterday he met twenty men who had been discharged. Of that number only one had been charged with any offense, and that was insubordination in refusing to work overtime. Not one was charged with incompetency.

There is, he said, an organization of labor with its headquarters in Cleveland. Its chief is P. M. Arthur. [Hisses.] It contains men who will stoop to take the place of brother man. This is what the Brotherhood of Locomotive Engineers have done with the consent of Arthur. The brotherhood is good, but it has a bad chief. It was all arranged for Arthur to be hidden in Cleveland while Depew was in Europe. No one can get at them. The people of this land don't want a coward for president, a man who runs away when there is a fight ahead. The battle is a strike of people and must be fought at the polls. The state board of arbitration are fishing in the Adirondacks instead of attending to their business and they must be made to do their duty. We have an army of hired assassins. They should be put down. He was always opposed to strikes, he said, but they would not give in until they had gained a victory in this case.

Resolutions were adopted as follows: WHEREAS, The New York Central has discharged scores of employees because they were Knights of Labor; that a large number of knights employed by the company had gone on strike with the object of vindicating the rights of the workingmen to organize; that the company had persistently refused to have the causes of trouble investigated or arbitrated, even to the extent of snubbing the state board of arbitration and hiring a band of cutthroats to shoot down strikers; that a number of inoffensive citizens have been shot down by the hired assassins of the road; be it

RESOLVED, That we express our full sympathy with the men on strike, and will do all in our power to make them succeed in their struggle, and that a committee of twenty-five be appointed to carry out this object.

A letter from Samuel Gompers, president of the Federation of Labor, endorsing the strike, was received.

It was generally reported last night that District Assembly 246 had called out every Knight of Labor in the Vanderbilt connecting lines, but the report could not be confirmed. Mr. Powderly said he was not aware of any such action, though it might have been taken; if so, it had been taken after his departure from Albany. He had seen but two freight trains on his way down from Albany, each composed of about thirty cars, but ten of which were loaded. This is an example of the "regular business" which Mr. Webb claims the company is doing. He was told in Albany that 450 car loads of beef had been buried there having become spoiled by delay.

A Strike May Yet Take Place.

ALBANY, Aug. 28.—The confidence of the strikers in the result being in their favor is increased by an assertion made by Mr. Lee that he has almost positive information that the Federation that met in Terre Haute will yet order a strike. Mr. Lee said that he had reason to believe that Mr. Powderly had been privately advised that the order would strike for grievances of their own, the scheme proposed being for firemen and brakemen to refuse to work on the trains with scabs or made up by scabs. Mr. Lee also says that when he ordered out the knights on the Central road he only did so in certain cases. He claims that there are still 1,000 knights at work on the Central who will come out when the general call is issued.

The pay car at West Albany yesterday paid off 1,200 men, strikers who formerly worked in the shops. The question was: "Here is your pay; do you want to return?" If no answer was

given in the affirmative the man was discharged. Not one of the 1,200 accepted the offer to be taken back.

Unchanged at Buffalo.

BUFFALO, Aug. 27.—There is no excitement in the yards here and no change in the situation.

LABOR TROUBLE IN CHICAGO.

The Railroad Strike at the Stock Yards Still On.

CHICAGO, Aug. 27.—The railroad strike at the stock yards is no nearer a settlement than it was last Friday when the firemen and engineers left their locomotives. An effort was made by the contending interests yesterday afternoon to patch up a truce that would result in reopening the railways to the packers, but it proved unsuccessful. A committee representing the striking switchmen waited on the executive committee of the Switching Association that was in session, and made a verbal demand for an increase of two cents an hour, and at the same time explained why the demand was made.

The conference did not last long. The members of the committee refused to listen to the demand, but said they would restore the old order of things if the men would resume work. The men refused. The switchmen have sent emissaries to every road leading into Chicago to inform other switchmen of the condition of things at the yards, so none of them can be persuaded to do any work there. The effect of this was that very little work was accomplished yesterday in the way of clearing the yards, and the prospect for the present is not cheering for the packers.

Asking More Wages.

CHICAGO, Aug. 27.—The committee representing the Illinois Central railroad employees in the train service, which has been preparing a new schedule of wages, called on General Manager Beck at his office yesterday. They were courteously received. They presented their schedule and requested its adoption. What the increase is that they request cannot now be exactly learned, but it ranges from 15 to 30 per cent. The committee were assured that the schedule would be carefully considered and an answer given them in ten days. The committee expressed themselves satisfied, and the matter will doubtless be settled satisfactory to all.

Chicago and Alton Men Strike.

CHICAGO, Aug. 27.—All the switchmen employed by the Chicago and Alton railroad went out on a strike yesterday. Upon request of the officials of the road, Superintendent Marsh has detailed a squad of policemen to guard the company's property.

Strike Declared Off.

PHILADELPHIA, Aug. 27.—The cloak-makers' strike, which has been in progress eighteen weeks, was declared off last night and the strikers resumed work this morning. The settlement was reached through the mediation of Rev. S. Morais, a Jewish rabbi, and George Randorf, agent for the Baron Hirsch fund, and the Association of the Jewish Immigrants. Less than one hundred of the 400 original strikers are now here, the others having gone to Chicago and New York.

Another Dockers' Strike Imminent.

LONDON, Aug. 27.—The demands of the dockers at Southampton have been rejected by the employers and a strike on a great scale is believed to be imminent.

M'VICKER'S BURNED.

The Famous Chicago Theatre is Now in Ruins.

CHICAGO, Aug. 27.—McVicker's theatre, one of the finest theatres in the city, was practically destroyed by fire yesterday morning. Loss about \$250,000. The fire started about 3 o'clock.

All of the down-town fire departments are playing on the building, endeavoring to prevent its spreading to valuable buildings adjoining it. One fireman was fatally injured by a falling wall and several reported injured.

The west wall of the building, reaching eight stories in height, went down with a terrific crash into the alley. John Duffy, a pipeman in Engine Company No. 1, came down with the debris and landed fairly on his head on a jagged pile of mortar and brick.

He was fearfully mangled but will recover. Duffy's comrades on the roof barely escaped with their lives. They heard the wall creaking and ran to the center of the roof just as the great mass went down. They subsequently escaped to the street by means of the fire escape.

The loss to the theater and building will not be less than \$125,000.

DISASTROUS RAIN STORM.

Two Towns in Texas Suffer Greatly from a Flood.

EL PASO, Tex., Aug. 27.—Another disastrous rain visited El Paso and Paso del Norte yesterday evening. The water came down in torrents from the mountain side flooding the streets and doing much damage. At Paso del Norte Gen. Sampson, United States consul, feared the consulate would go down, but it was saved.

The mayor and the entire police force, with many volunteers, did all in their power to protect the business part of the city by diverting the water into channels where all the harm possible had already been done. No one, it is thought, was drowned. At 9:30 the water commenced to fall and fears of further damage were allayed. Many houses are undermined and ruined and many adobe swept away.

Killed by His Son.

NEBO, Ill., Aug. 27.—A man named Fielder, living near this place, was killed yesterday by his 14-year-old son. The boy wanted to plant a certain piece of ground in wheat and the father objected, whereupon the boy went to the house, got a gun and shot the old man dead.

The National Capital.

All the Latest Happenings in Washington.

CONGRESSIONAL PROCEEDINGS.

Nearly All the Time of the House Taken Up by a Controversy on the Lard Bill. The Senate Decides to Take a Vote on the Tariff Bill September 8 Other Washington Dispatches.

WASHINGTON, Aug. 27.—In the house yesterday there was a controversy over the consideration of the lard bill and the anti-option bill. The speaker ruled that the lard bill had right of way, and the enemies of the bill filibustered on an appeal from the speaker's decision by breaking a quorum on roll-calls and ordering calls of the house. The house finally adjourned without determining the question of consideration.

In the senate the agreement to end general debate on the tariff bill Sept. 3 and get a vote on it Sept. 8, was adopted by unanimous consent. The conference report on the sundry civil bill was debated and agreed to. The tariff bill was taken up and some progress was made in its consideration.

Nothing Official.

WASHINGTON, Aug. 27.—The state department is in apparent ignorance of the threatened revolution in Hawaii. Assistant Secretary Wharton said to a reporter that the department had received absolutely no information foreshadowing the political trouble on the islands. The navy department is in the same condition, nothing official having been heard. Assistant Secretary Soley said that the department had sent its orders to Admiral Brown to come east with the Charleston July 15, in the belief that she would not be needed there any longer. It took the orders two weeks to reach the admiral, who started in obedience almost at once, and reached this coast before a letter from him to the department could get here. He will probably be ordered to return as soon as he can re-join.

Census Returns.

WASHINGTON, Aug. 27.—Mr. William C. Hunt, the chief of the population division, census office, has announced the result of the count of the population in the following states and cities: Rhode Island, population 345,345, increase since 1880, 68,812, or 24.88 per cent. Cities and counties in Rhode Island: Newport 19,449, increase 3,756, or 23.93 per cent.; Woonsocket 20,753, increase 4,709, or 29.34 per cent. Idaho: Population 84,239, increase 51,619, or 158.29 per cent. The population of two cities in Kansas is given as follows: Hutchinson 8,678, increase 7,138; Wichita 23,735, increase 18,824.

On a Sad Mission.

WASHINGTON, Aug. 27.—The remains of the late Representative Watson, of Pennsylvania, was taken to his late home at Warren over the Pennsylvania road last night. The remains were in charge of a committee consisting of Messrs. Culbertson of Pennsylvania, McAdoo, Craig, Townsend of Pennsylvania, Maish, and Wallace of New York, and Kerr, of Pennsylvania, of the house, and Messrs. Cameron, Cullom and Faulkner, of the senate.

Military Reservation to Be Abandoned.

WASHINGTON, Aug. 27.—Senator Power yesterday introduced a bill in the senate to provide for the disposal of the Fort Maginnis military reservation, in Montana, under the homestead and mining laws. Six hundred and forty acres are to be granted the state, to be selected so as to embrace all the buildings and improvements on the reservation, to be used for educational and other purposes.

A Big Job Undertaken.

WASHINGTON, Aug. 27.—The conference on the river and harbor appropriation bill began the consideration of the senate amendments yesterday. Good progress was made, but as the conferees have not come to any of the matters under serious dispute between the houses, no idea can be formed yet of the time which will be needed to get through with the bill.

One More New Bank.

WASHINGTON, Aug. 27.—The Joplin National bank, of Joplin, Mo., has made application for authority to organize a National bank.

DISTRESS IN OKLAHOMA.

The Future for the Inhabitants Thereof Anything but Bright.

WASHINGTON, Aug. 27.—Senator Platt, chairman of the committee on territories, has laid before the senate a letter from Secretary Noble, transmitting the following telegram:

KINGFISHER, O. T., Aug. 23.—After many days' house-to-house inspection I find fully one-third of the people need aid, two-thirds of the farmers need seed wheat, many now in need of food; no work; nothing to sell; prospects gloomy; extreme south of territory not quite so bad.

THOMAS J. NEWHAM,

Special Land Inspector.

Secretary Noble says the department has no resources with which to relieve the destitution, and that its only course is to lay the information before congress.

Fatally Injured While Driving.

ASBURY PARK, N. J., Aug. 27.—David T. Ensley, of Philadelphia, received fatal injuries by driving off the pier at Balmor yesterday into the shallow water.

Chandeller Factory Burned.

NEW YORK, Aug. 27.—Bergman's chandeller manufactory, No. 515 West Thirty-fourth street, was burned last night. Loss, \$40,000.

AFFAIRS IN GUATEMALA.

Indications That Barillas' Government is About at an End.

CITY OF GUATEMALA, Aug. 27.—The Barillas government has just issued a decree whereby it is ordered that all Guatemalans between the ages of 18 and 50 shall present themselves within twenty-four hours after the publication of the decree, at the different military posts in their respective departments or they will otherwise be declared traitors. This decree is causing very many people who come within its limits to leave the territory of Guatemala, and not a few are joining either the insurgents in Chiquimula or the Salvador troops across the frontier.

By another decree the government has directed the secretary of the treasury to effect a forced loan of \$1,000,000 to meet war expenses. The loan is to be confined to the cities of Guatemala and Quezaltenango, and two committees of merchants have been named and ordered to produce the money within three days from the subscribers on a list furnished by the government.

There are heavy penalties attached to non-compliance with the subscription and the \$1,000,000 will have to be contributed in the following ratio: Guatemala \$600,000 and Quezaltenango \$400,000.

With the similar object of obtaining funds for the army, and having a retroactive effect, the government has also issued the following decree:

Article 1. From Aug. 1 of the present year \$2 will be paid as export duty on the 100 pounds of coffee sent out of the country, instead of \$1 as heretofore.

Art. 2. The tax on real estate will be \$6 per \$1,000, instead of \$3, as formerly, and this new rate is to take effect from July 1, 1889.

Art. 3. Each bottle of spirits taken from the government administration of liquors will pay an additional five cents internal revenue tax from the 1st of August.

Art. 4. Decree No. 101, issued by congress, granting the free manufacture of salt, is hereby revoked and a duty of one-fourth of a cent per pound is imposed.

Art. 5. The artificial and natural products of the republics of Central America which may be or have been imported in Guatemala since or from the 1st of August shall be free, with the exception of common salt, soaps, paraffine or stearine candles, liquors, and tobacco, which will be taxed the same as similar goods from foreign countries.

Art. 6. The increase in duties herein referred will remain in effect for the space of one year.

These decrees have caused great consternation and indignation among the merchants here, principally those who deal in coffee.

The merchants, together with the coffee planters, have raised a protest against the measures, and many go so far as to accuse Barillas and his cabinet of not handling the National finances in a proper way.

Only \$12,000 have been subscribed to the loan and two committees referred to in the decree for a loan have refused to act. It is greatly feared that forcible measures will be taken by Barillas to collect the money, and nearly all the capitalists are utilizing the banks to send their money out of the country by means of bills of exchange.

The Republics Can Never Unite.

CHICAGO, Aug. 27.—G. A. Schultz, of Nicaragua, who is in this city, says there can never be a union of the five republics in Central America because there are too many individual interests at stake. He said: "Suppose San Salvador and Guatemala were to submit to arbitration. What then? Nicaragua and Costa Rica submitted their dispute to President Cleveland, and when he decided in Costa Rica's favor Nicaragua declined to abide by the decision. And this unsettled state of things will continue until the foreign capital becomes large enough to control things."

"Work on the Nicaragua canal is going ahead with a vim, all effort now being centered in building the harbor at Greytown. I rode through the uncompleted jetty just before I came away on the first steamer that had entered the harbor in two years. The depth of the water is now seven feet. When the harbor is completed vessels which now have to anchor in the open sea will have shelter, and then the work of digging the canal will begin. I consider it an excellent investment and an enterprise sure of success if ample means are furnished."

Passenger Rate War.

ST. PAUL, Aug. 27.—The six through lines from Chicago to St. Paul are on the eve of another great passenger rate war. The St. Paul road is the only line that has not been charged with cutting rates. At present, however, most of the charges are directed against the Kansas City line. It is stated that for the last two weeks an agent of the Milwaukee line had each day purchased a first-class ticket to Chicago of the Kansas City road for \$8.00. This is a cut of \$3. It is also stated that these tickets will soon be presented at the Kansas City office for redemption at the tariff rate and that the regular fare of \$100 will be collected in accordance with the rules of the association. Kansas City officials are non-committal in regard to this charge.

HARPER'S FERRY, Va., Aug. 27.—The Chicago express on the Baltimore and Ohio road, due here early yesterday evening, ran into an open switch near Point of Rocks, where it struck some cars that were lying on the siding and was badly wrecked. The engineer, David Ziller, who had been in the employ of the company for twenty years, was instantly killed. The fireman was badly, probably fatally, injured, and the engine, baggage and postal cars were wrecked. The balance of the train was derailed, but no serious consequences followed. The passengers were severely shaken up but none were seriously injured. A wrecking train which soon arrived cleared the track.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

WEDNESDAY, AUGUST 27, 1890

An Honor to the District.

Tom Paynter hasn't spent his time since Congress convened loafing about the bar-rooms of Washington City and trying to guzzle all the beer and Bourbon in the National Capital.

His course in this respect is in striking contrast with that of a certain individual whom the Republicans of this district chose to represent the people a few years ago. This Republican Representative, having dishonored himself and disgraced the district by parading the streets of the National Capital as a common drunkard, made things still worse by attempting to end his miserable career with his own hand. The Maysville Republican doesn't have to be told who this individual is. And the Republicans in convention assembled a few years later on actually had the nerve to offer this fellow the nomination for re-election to the same high and important position, thus endorsing his disgraceful doings when he held the office.

It might be well for the Maysville Republican to remember the records of the Republican Representatives from this district when it starts out in a despicable effort to belittle Tom Paynter. The fact that Mr. Paynter is a Democrat is no reason why he should not receive fair treatment at the hands of his political enemies. The editor of the Republican had a good deal to say last Saturday about Mr. Paynter "putting in his time getting pensions for soldiers." Mr. Paynter has been attending to his official duties. Many of his constituents, it seems, felt that they were entitled to pensions, and forwarded petitions and applications therefor to Mr. Paynter. They were entitled to a hearing, and their papers were not tossed into the waste basket. Mr. Paynter presented them to the House and that's the extent of what the Republican terms "putting in his time getting pensions." He has simply accorded these "pension-seekers" fair treatment—that they were entitled to.

And the Republican thinks he's "the smallest Congressman the district ever had," with one exception. Our neighbor is entitled to his opinion, but opinions go for naught in the face of the records. The Republicans sent one of their "big" men to Congress a few years ago and followed him with one of their shrewdest. If these two Republican Representatives ever accomplished a single thing for the district or for the country, their constituents are not aware of it to this day. Each of them drew his salary and that's about the extent of their "work." If the Republican wishes to prate about mediocrity, it doesn't have to step outside its party doors.

Tom Paynter has paid close attention to his official duties, he has conducted himself modestly and honorably and is a credit to his district.

If the Maysville Republican will devote its energies to its lottery in aid of its subscription, it will have enough to do dodging the anti-lottery law to prevent it thrusting itself into a controversy which doesn't concern it.—Covington Commonwealth.

Congressional.

The Democratic Executive Committee of this district has been called to meet at Greenup to-morrow to decide on the time and place of the convention to nominate a successor to Congressman Paynter. Senator Poyntz of this city is Chairman of the Committee. Hon. Joseph A. Walton, member of the committee from Bracken, passed through town to-day to attend the meeting.

To Dispel Colds,

Headaches and fevers, to cleanse the system effectually, yet gently, when costive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, use Syrup of Figs.

Weekly Crop Report.

The weather of the past week has been characterized by an abnormal deficiency in sunshine, a nearly normal average temperature and an excessive rainfall. The drouth, which has prevailed during the past six weeks, is completely broken. The rain came too late, however, to prevent serious damage to many of the crops. Despite the improvement shown during the past week, they will, as a rule, be inferior in quality. Corn has suffered less from the drouth than have any other crops, and the recent abundant rains have greatly improved its prospects. Tobacco also shows a considerable improvement and, from the present outlook, the prospect for the crop is fair. Hemp is generally poor, being in some sections so short as to be worthless. The excessive rains of the week have had a detrimental effect upon the grape crop by preventing its ripening. Late root crops show some improvement.

MASON COUNTY TEACHERS.

Second Days' Doings of the Institute List of New Names Enrolled.

The Institute was opened at 9:30 a. m. Tuesday, by the reading of the 33rd Psalm, followed by prayer by County Superintendent B. Atterman and music by Miss Pollitt.

Instructor Galbraith having been called out for a short time on other business, Mr. W. D. Hixson introduced the first subject on the programme, "Primary Grammar," with a few pointed questions as to when and where this study should be commenced. Among the most satisfactory answers was that given by Superintendent Blatterman, who discussed the question in a brief but interesting manner. Instructor Galbraith followed him and handled the subject in his usual thorough manner. This was followed by a general talk on the subject, participated in by several teachers.

"Advanced Grammar" was the next subject on the programme and Mr. Galbraith opened the discussion. Mr. W. T. Berry, Mr. Martin McKnight, Miss Sallie Hall and Miss Myall diagrammed and analyzed sentences on the board. Mr. Berry gave a system of diagramming of his own construction, as did Mr. McKnight also. Miss Hall presented Reed & Kellogg's system and Miss Myall, Mr. Holbrook's system.

Adjourned for dinner.

The afternoon session was opened with music by Miss Pollitt.

"Language Lessons" was introduced by Mr. Galbraith and an interesting discussion followed, participated in by Miss Dorsey, Mr. Berry and others.

A list of juvenile books—45 in all—was recommended.

"Compositions" was discussed.

On motion, the Superintendent appointed Miss Anna L. Fristoe and Messrs. R. H. Dodson and Josiah Wilson a Committee on Reorganization of the County Teachers' Association.

Adjourned till this morning.

The following teachers were enrolled yesterday: Miss Nannie Bacon, Tuckahoe; Miss Mollie Bacon, Tuckahoe; Miss Amy Goddard, Mt. Carmel; Mr. E. A. Scott, Bradysville, O.; Mr. Josiah Wilson, Maysville; Miss Alice Dorsey, Sardis; Mrs. Fannie Ray, Maysville.

Forty-five teachers had been enrolled up to this morning.

"Colored Aristocracy."

"Colored Aristocracy" will be the attraction at the opera house next Friday night, and all who enjoy a hearty laugh should see it. It was played at Indianapolis week before last, and drew large crowds. The Journal says: "The entertainment is a specialty show, made up of a number of well-arranged features, the performance as a whole being one that will please all fond of fun, which in this entertainment is interspersed with an unusual amount of music, instrumental and vocal. The characters were all black-faced and the opening scene was a minstrel first part, in which some very clever business was introduced. The singing was particularly good. The first part concluded with a laughable sketch, in which an initiation into the 'Mysterious Order of the Alligators' was carried out. The specialties followed and were, for the most part, good. Emerson and Cook introduced a pleasing comedy sketch, and the banjo solos and witty sayings of Wm. Pierce were well received. Chas. Archer gave a number of solos on a toy instrument, and Edward Barcliff sang 'Eyes of Violet Blue' admirably. McAndrews introduced his old, but funny, watermelon sketch, and the military drill of the 'Darktown Guards' created much amusement. One of the best features of the programme was the musical specialties of the Barcliff brothers, who played on a great number of odd instruments. The performance concluded with a realistic fire scene."

See advertisement for rates of admission. Reserved seat tickets on sale at Nelson's.

To the Ladies of Maysville and Mason County.

An association of women from all parts of the United States has been formed whose purpose is to present to France some fitting memorial as a slight token of our warm sentiment of gratitude to that fair country for her many kindnesses to us. It is proposed that the gift shall be a bronze statue of Washington, the cost of which will be \$25,000, to be raised by \$1 subscriptions. The association desires to give every woman in the country the privilege of contributing. Each State has a Vice President who receives and forwards to headquarters all funds collected in that State. The State is divided into districts, each of which has its own Vice President, who receives the contributions of her own district and forwards the same to the Vice President of the State. Mrs. Charles B. Poyntz, of this city, has been elected Vice President of this district, and will take pleasure in forwarding all contributions sent to her on behalf of this cause.

The Coopersage Company.

The Maysville Coopersage Company has leased lots No. 95, 96, 45 and 46 in Chester from R. V. Dryden and wife for the term of five years, with the privilege of five additional years. The lots are located on the C. and O. railroad, near the Chester school. It is understood that work on the company's buildings will be commenced next week.

Advertised Letter List.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, August 26, 1890:

Allen, Alice (col)
Alexander, Mrs. Mollie
Baird, W. E.
Brown, Mrs. Della
Bacous, Kate
Chalkley, Mrs. R. H.
Coleman, T.
Cottle, Arthur
Darnall, Anna
Davis, Beas
Domelap, Louie
Forrester, Belle
Gehen, Dennis
Grierson, W. D.
Greenly, Mrs. Mollie
Green, Mrs. Addie (col)
Hall, Rev. W. W.
Hill, Mrs. Elizabeth
Hill, Rebecca
Kenedy, Mollie
Kidd, Aloza
McKinnevan, Sam
Marks, Joseph
Murphy, Michael
Owens, Mrs. Annie
Pollitt, Addison
Rumble, H. H.
Roberts, W. M.
Soward, Emma
Sinerton, Lida
Tyler, Geo.
Ward, Geo.
Wells, Mollie
Wilson, Mrs. Lydia
Woodward, Willie

Persons calling for any of the above will please say advertised.

THOMAS A. DAVIS, P. M.

OUR NEIGHBORS.

ORANGEBURG.

A very wet week the past week. Several of our citizens attended the Blue Ribbon Fair.

A right smart crowd passed through here Sunday to camp meeting.

Dr. Hord brought three premiums home from the Blue Ribbon Fair.

CHESTER.

Mr. Samuel McDoald, an em loye of the street railroad company, fell and broke one of his arms last Saturday.

Died, Saturday at 12 o'clock, Miss Tillie Hill, daughter of John Hill. May the Lord who doeth all things well comfort the bereaved parents and sisters and little brother. Funeral at 4 o'clock Sunday evening by Elder E. L. Powell.

MAYSLICK.

Carl Wheeler left Monday morning on his bicycle for Lexington and other points farther South.

Elder Z. T. Cody and wife, of Georgetown, are spending this week visiting their old home friends.

The twin Syles brothers, from Sardis and Shannon, were here last Saturday entertaining our worthy citizen, Silver St. Cliff.

Our town was taken last Saturday night by the colored population. The police force went into their hole early and pulled the hole in after them.

There was considerable shooting in this place last Saturday night at an early hour. Several shots were fired, one ball entering the Stone-wall House window and was found on the inside window casing. Other houses suffered the same fate. Such proceedings are an outrage, and should be stopped by sending a few of the evil-doers to the "pen" for a few years.

Last Sunday we made a visit to the only relatives we have in this State—Capt. W. G. Jackson, of Elizaville, who was well known during the late war, and his sister, Mrs. William Adams. During our travels we made special notice of the corn and tobacco crops. The former we think will make an average yield, while the latter, the best of it will do it, make over a half crop, and some will not be worth cutting and housing. But the outlook is that we will have plenty of hog and hominy. No danger of starving. Let us be thankful for what we have, and take courage.

ABERDEEN.

Wm. McQuilkin has suspended business as a grocer.

Hi Tyler, the popular salesman, was in town Monday.

Wm. Arthurs, of Ironton, spent a few days in this place last week.

Sewing machine agent Lindsay, of Manchester, was in town Monday.

Caleb Atherton left for Cincinnati Tuesday to look after his tobacco interests.

Hudson, agent for Cannon's laundry, is doing a real business. Give him an order.

Getting warm around the edges. The primary for Congressional nomination Saturday, September 6.

Professor Mitchell, of the Ripley schools, was before the township Board of Education Monday in the interest of a physiology chart.

The Second street meat shop has re-opened, where a choice lot of meats can always be found. Goods delivered. Orders promptly attended to.

The Mineral Well House was crowded to its utmost capacity during the fair last week. Mine Host Rist is fast gaining popularity as an excellent landlord.

Always on top. "Roller King" snatched the blue ribbon at the fair of all fairs, "the Blue Ribbon Fair of Kentucky." "Roller King" and "Morning Glory" flour take the lead.

Misses Lizzie Rothenbush and Bettie Sherbon left Friday for New Richmond, O., to attend the Chautauque convention.

The New Discovery.

You have heard your friends and neighbors talking about it. You may yourself be one of the many who know from personal experiment just how good a thing it is. If you have ever tried it, you are one of its staunch friends, because the wonderful thing about it is, that when once given a trial, Dr. King's New Discovery ever after holds a place in the house. If you have never used it and should be afflicted with a cough, cold or any throat, lung or chest trouble, secure a bottle at once and give it a fair trial. It is guaranteed every time, or money refunded. Trial bottles free at James J. Wood's drug store.

THE SHOE BROUGHT INTO COURT.

Men may write wisely and talk with the learning of seers, until volumes shall have been written and spoken in the effort to enlighten the public mind upon what constitutes the quality of the Shoe, yet the steel-cold fact stands up like Banquo's ghost, that the Shoe must come upon the stand, and as the only competent witness, tell its own story of quality.

If a dealer shows you a shoe and learnedly discourses of the details of the processes of tanning the leather and manufacture of the shoe, extols its qualities in rosy terms, induces you to buy and it fails to wear as represented, the life of the shoe is a contradiction of the theory of the dealer. So that in shoes "it is conditions and not theories we want," facts and not fancies.

At our MAMMOTH SPOT CASH SHOE STORE we guarantee satisfaction with all our sales. The fact is, we are selling shoes so far below the prices that have been paid for them heretofore that the people do not know how it is possible there can be such difference. It is simply a matter of fact that may be determined by test. We will save you 25 cents on every dollar you invest with us. Come and see us. Orders by mail solicited. Goods sent on approval.

H. C. BARKLEY.

Spot Cash Shoe Store, 5 Second St.

McILVAIN, HUMPHREYS & BRAMEL,

FURNITURE DEALERS,

Undertakers and Embalmers.

We are constantly receiving the newest and latest styles of Furniture; and sell as cheap as any firm in the city. We have the most complete line of Undertakers' Supplies in Northern Kentucky—everything new and first-class. Our "Child's White Hears" is the finest in the State.

For a splendid investment, with guaranteed results, call on L. W. Galbraith.

LIMESTONE CREEK was higher yesterday afternoon than it had been for a long while.

SARAH T. MARTIN, former widow of Wm. Curtis of Mt. Olivet, has been granted a pension.

THE rain-fall yesterday afternoon was the heaviest since the washout at Bull Creek a few months ago.

THE Collins & Rudy Lumber Company's saw mill is running night and day on account of increased business.

L. C. TRUMBO and wife have conveyed to Paul Gettus twenty-two acres of land on Cabin Creek; consideration, \$500.

KACKLEY & McDOUGLE have reduced the prices of all common school books. The advertisement elsewhere gives figures.

THE lightest, strongest and most durable eyeglasses made are the "Diamond Lens." For sale by Ballenger, the jeweler.

THE steamer M. P. Wells will make daily trips to Manchester during the fair at that place. Round trip from this city 40 cents.

REV. ANDREW JACKSON will deliver a sermon Sunday afternoon at 3 o'clock at Dieterich's Garden. All are cordially invited to attend.

MISSSES BETTIE AND EMMA YOUNG will open the seventh year of their school at their residence on Fourth street Monday, the 1st of September. a21d6t

MR. C. D. SHEPARD has moved back to Maysville from Catlettsburg and taken up his residence on East Third street, near the "Old Gold" mills.

MRS. J. B. ORR was awarded the premium, \$2, on plain cookies at the Maysville fair last week. This premium was not in the list furnished the BULLETIN for publication.

MARRIAGE license was granted yesterday to Jonas Hicks and Miss Lou Ella Parker, both of this county. The wedding takes place to-morrow morning at Salem Church.

REV. R. B. GARRETT, who went from here to Austin, Texas, a year or so ago, is suffering from a broken arm received a few days since by his falling out of a tree while he was after a squirrel.

CHARLES STALLCUP, whose death occurred Monday, was a member of the Amazon Fire Company, and the company had charge of the funeral and burial which took place yesterday afternoon, from the home of his mother, on Forest avenue. Services by Rev. Thomas Hanford.

MR. AND MRS. T. J. CUBLEY entertained quite a number of friends at their home on Limestone street in honor of Miss Mame Hannibal of Lexington. A few hours were spent pleasantly with games and music, after which a delightful lunch was served.

"For summer complaint," says Ben. L. Bear, a prominent druggist of Los Angeles, Cal., "I know of no remedy so sure and safe to use as Chamberlain's Colic, Cholera and Diarrhea Remedy." Mr. Bear is not alone in entertaining that opinion, as, wherever known, the remedy is praised by all who use it. For sale by Power & Reynolds.

Railway News.

The C. & O.'s receipts amount to about \$1,000,000 a month.

The F. F. V. went into Cincinnati last Saturday with over 400 passengers.

The C. & O.'s excursion to "Moses" yesterday afternoon passed here with nine coaches pretty well crowded.

The statistician of the Interstate Commerce Commission has completed his second annual report which covers the transactions of 609 roads, and shows the operations of 153,385 miles of line. The gross earnings for the year, exclusive of rental of tracks, yards and terminals, were \$964,816,219, or \$6,290 per mile of line; and the operating expenses, exclusive of rental of tracks, yards and terminals, \$644,706,701, or \$4,204 per mile of line. This leaves a net income from operations of \$320,109,428, or \$2,087 per mile of line. After deductions are made for fixed charges, the final net income for all the roads in the United States was \$101,388,736, or \$661 per mile of line.

Here and There.

Mr. Will Simpson, of Cincinnati, is in town visiting his parents.

Mrs. A. Bona and daughter, Miss Anna, are visiting at Lexington.

Messrs. Joseph Kenney and William Niland left yesterday for Paris.

Mr. James Fitzgerald left yesterday for Lexington with a view of locating.

Miss Ida Proctor, of Elizaville, is visiting her uncle, Mr. N. H. Richardson, of Jersey Ridge.

Rev. J. S. Sims and wife, of Parkersburg, arrived yesterday on a visit to her father, Mr. R. B. Lovel.

Misses Lizzie and Emma Trouts left this morning to visit Miss Emma Schuman, of Lexington, and attend the fair at that place.

Miss Louise Isola left yesterday for Lexington accompanied by her friend Miss Anna Bona, of Limestone street, whose guest she had been.

River News.

The Bostona has been given a coat of paint from stem to stern, and has been polished up all over.

During the fiscal year ending June 30, 1888, there were 64,933,000 bushels of coal shipped from Pittsburgh, the value of which was \$4,545,310.

The total number of passengers carried on steam vessels in the United States during the year 1889 was 55,000,000, and only 92 lives were lost.

Says the Cincinnati Enquirer: "The Big Sandy and Pomeroy packet Telegraph laid up on her arrival Saturday, and, after fourteen years of faithful and profitable service to her owners, it is understood she has made her last trip, and will be dismantled, instead of being repaired, as at first contemplated. The name has ever been a successful one, and will not be dropped. The Rainbow left for Pomeroy in place of the Telegraph, in charge of Telegraph's crew."

Sudden Death.

Mr. Win Wells died very suddenly this morning at his home near Helena Station. He was a nephew of Mr. Thos. Wells, of the First National Bank, this city, and was in the thirty-sixth year of his age.

The cause of his death was not learned. The remains will be interred Thursday morning at 10:30 o'clock at the family burying-ground near Helena.

The heavy rain yesterday afternoon rendered the C. and O.'s temporary bridge over Cabin Creek too dangerous for trains to cross. The eastbound Russell accommodation and F. F. V. returned here and remained until this morning. Trains are transferring to-day. Workmen are engaged making repairs and travel will soon be resumed.

CARDS have been issued announcing the approaching nuptials of Mr. John C. Adamson, of the Frank Owens Hardware Company, of this city, and Miss Lide Lloyd. The marriage will take place Thursday evening, September 4th, at 7 o'clock, at the Christian Church, Germantown. The bride to be is a daughter of Mr. Evan Lloyd, a prominent farmer residing near Germantown. The groom is to be congratulated on having won such a charming young lady for a life partner.

THE Misses Hanley, of Market street, entertained Monday evening in honor of their guests Misses Dollie and Rose O'Neil of Newport. The two hostesses welcomed all in a charming manner and the evening was only too short for the many happy ones who spent the time in dancing and other amusements. Refreshments were served at 12 o'clock. Among those present were: Misses Maggie Flynn, of Chicago; Louise Isola, Lexington; Katie Burns, of Covington; Katie Fitzgerald, of Lexington; Mamie Ready, of Lexington; Katie and Ella Fitzgerald, Mary Leonard, Anna Bona, Hannah O'Hare, Mary O'Mara, Maggie and Katie Niland, Misses O'Donnell, Hannah Kane, and Messrs. Joe Kenney, Will Niland, Dennis Desmond, Charley Daly, Tom Cummins, James Dunn, Martin O'Hare, Frank O'Donnell, Jas Fitzgerald, Charles Collins, Mike Swift, John Craven.

Surgeon Rosenau.

The appointment of Dr. Milton J. Rosenau, of Philadelphia, brother of the Messrs. Rosenau of this city, to be assistant surgeon of the Marine Hospital Service has been confirmed by the U. S. Senate. The Jewish Exponent, of Philadelphia, says:

"Dr. Rosenau, who is only twenty-one years of age, is one of the most intelligent young men in the community and possesses a remarkably thorough medical knowledge for one so young. Graduating with high honors from the Central High School, he entered the medical department of the University of Pennsylvania on a free scholarship, and after graduating therefrom he became one of the resident physicians of the Philadelphia hospital last year, obtaining the highest average over all other competitors. His term at the hospital expiring, he took the examination for the United States Marine Hospital Service about a month ago. The examination was held at Staten Island, N. Y. There were eleven applicants, of whom three were successful, and one of these three was Dr. Rosenau. He has not yet been assigned to his post, but will probably be shortly. He is at present traveling in the West on a tour of recreation and sight-seeing. He gives every indication of a brilliant career in the future. The Philadelphia Jewish community is certainly very proud of him."

Rough Experience of a Theatrical Party.

The Sunny South Variety Troupe, "a floating theatrical aggregation" taking in the towns along the Ohio, had a decidedly rough experience at Ceredo, W. Va., last Friday evening. One act must have satisfied the crowd, as the audience attacked the performer, and when two others went to his rescue the trio were overpowered and terribly beaten. The entire company then joined in the melee and a riot was soon in progress. Two policemen of the town deputized half a dozen citizens and tried to quell the disturbance but the audience drove the police and performers back off the stage and all went into the river, while crowds on the bank began to stone the half-drowned and bruised victims, who vainly begged to be allowed to come ashore. Finally the police got ashore and began shooting in the crowd, one, Jim Fry, being badly wounded. While this was going on the members of the company got ashore, when they were again attacked, four or five being knocked senseless with clubs or stones. Finally, all were rescued by the citizens, but the company was badly used up.

MR. LOUIS ZINSER and Miss Julia E. Martin, both of Lexington, were quietly wed led shortly before noon to-day at the home of Captain John T. Martin on Limestone street, Rev. J. E. Wright officiating. The groom is a prosperous young merchant of Lexington, being engaged in the furniture business. His bride is the youngest sister of Captain Martin. The happy couple left on the afternoon train for Lexington, where a reception will be given this evening in their honor at the home of the bride's parents.

MINER'S MAXIMS

There's nothing wonderful in
Selling good shoes at a high price;
Anybody can do that.

The wonder is, where good shoes are sold
At low prices.
That's MINER'S specialty.

Now, what in the world would we be advertising for, if all we had to offer was good shoes at an extra price? You've heard about the crazy man on the tower? He grabbed a stranger and said: "Let's jump down and make ourselves famous." "Pooh!" said the ready-witted stranger, "any man could jump down; let's go down and jump up."

We're not crazy.

Not crazy enough, at least, to think that you'd jump at an offer of shoes from us, when you could do just as well elsewhere. We would not expect to win your trade by selling good shoes at a big price, and we wouldn't waste money advertising that fact. Our specialty is a GOOD shoe at a LOW price.

That's where we stand alone.

The fact we want to "ding" into everybody's mind is that good shoes at MINER'S cost no more than poor shoes, such as MINER don't keep—don't keep them because they won't spoil the record:

58 YEARS SELLING GOOD SHOES.

I will offer at public sale, on
SATURDAY, SEPT. 13,

at 2 o'clock p. m., the farm of Daniel McCarthy, deceased. This farm contains ninety-six and one-half acres and is known as the Daniel McCarthy farm, on the Blue Lick road and adjoining the farm of Joseph Alexander, near Lewisburg. There is on the place a good dwelling, tobacco barn, stables, corn crib, &c. Will sell at same time one-half interest in the growing crop. Terms made known on day of sale. D. D. MCCARTHY,
22-33-2 Attorney in Fact for the Heirs.

News From Abroad.

Germany's Policy Toward the Socialists.

A GREAT MEETING IN BERLIN.

Seven Thousand Socialists Assemble in an Open Meeting and Are Addressed by Herr Bebel Without Interference From the Police—Other Events Taking Place Over the Ocean.

LONDON, Aug. 27.—The fact that 7,000 Socialists were allowed to meet openly in Berlin Monday night and that Herr Bebel was allowed to address them for two hours, is an indication of the relaxation which, under the young Emperor William and since Prince Bismarck's fall, has been made in the administration of the anti-Socialist laws. The conclusion must not be arrived at too hastily, however, that an area of perfectly free speech has dawned upon Germany.

The fact is that a complete understanding existed in advance between Herr Bebel and the police as to what the substance of his address was to be; otherwise it is impossible that the meeting would have been allowed to take place at all. The speech, accordingly, was a very moderate one, and it is being referred to with great complaisance by the government organs as proving the wisdom and far-seeing statesmanship of the emperor, who, by a policy of leniency toward the Socialists, and of solicitude for the welfare of the working classes, has inspired even the arch Socialist Bebel to place confidence in the government's good intentions.

This is a trifle exaggerated, but it is near enough to the truth to pass well with the admirers of the emperor. The meeting, after listening to Herr Bebel's address, resolved unanimously to defer all further meetings and all newspaper polemics until after the international Socialist congress which meets at Halle in October.

Kicking Against Railroads.

BERNE, Aug. 27.—The railway company which is making desperate efforts to secure from the Swiss government a right of way up the famous Maltehorn, is meeting with an equally earnest opposition from people who regard the proposal as one of desecration, though the excuse for the railway is that it would accommodate tourists. The chief opposition to the scheme comes from that very class, who argue that the picturesque and healthfulness of Swiss travel would largely disappear with the advent of railways.

Disastrous Conflagrations.

PESTH, Aug. 27.—The fire at Tokay began during the night, and its spread was accelerated by a heavy gale of wind. All the public buildings, as well as nearly all the private dwellings were destroyed. The homeless inhabitants are camping in the fields, tents being furnished from the nearest military stations. The flames are still raging. Kaba, Hatzfeld and other villages near Timesvar are also in flames. Ten persons have been burned to death at Kaba and three at Saro.

Mistaken in the Man.

COPENHAGEN, Aug. 27.—A report has reached here that Alexander Phillipsen, of this city, who was a passenger on the steamer Normannia, had been detained at New York under the belief that he is Adolph Phillipsen, the murderer of Meyer, the man who was killed in Copenhagen some time ago, and whose body was shipped to New York in a cask by the murderer. The authorities here state that Adolph Phillipsen, the real murderer, is still in custody in this city.

Fast Ocean Travel.

LONDON, Aug. 27.—The steamer City of New York passed Roches Point at 3:46. Her official time is six days forty minutes. The corrected runs as taken each noon were 461 miles, 441, 439, 457, 460 and 461.

New Railroad Inaugurated.

ZANZIBAR, Aug. 27.—The Mombaza and Nyanza railroad was inaugurated in the presence of British and other foreign consuls, Admiral Fremantle, of the British navy, and a number of other Europeans.

Eighteen Thousand Still Out.

BRUSSELS, Aug. 27.—Despite the return of 1,000 strikers to work at Mons, there are at present fully 18,000 miners on strike in Belgium and there is no immediate prospect of a settlement of the trouble.

Eleven Soldiers Killed.

ST. PETERSBURG, Aug. 27.—While blowing up a pontoon bridge at Looga during the military maneuvers eleven soldiers were killed by a premature explosion.

Cablegrams.

A pleasure boat was capsized Tuesday at Deal, and seven of the occupants were capsized.

Fire Monday destroyed the whole of the town of Tokay, Hungary, with the exception of thirteen houses.

A Russo-Japanese trading company is being formed for the purpose of establishing factories in the principal Japanese cities.

The Rome Monitor, in an interesting article on religious changes, makes the bold prophecy that within fifty years the Catholic religion will be dominant in England.

A demonstration of miners in the Derbyshire district was held Tuesday, at which 15,000 men were present. Resolutions favoring the eight-hour day were adopted.

The London Telegraph, in a leading article, denounces John Burns as a charlatan, and warns British workmen against the danger of continuing their present attitude of superstitious faith in their so-called leaders.

One thousand of the striking miners at Mons, Belgium, have returned to work. It is said that the real object sought to be obtained by the striking miners was the making of a formidable demonstration in favor of universal suffrage.

THE NEW YORK BRICK BOYCOTT.

Both Sides Stand Firm—Likely to Throw Out 80,000 Men.

NEW YORK, Aug. 27.—The brick-makers boycott is beginning to be a serious matter, as each side shows no signs of yielding. The executive committee of the Brick Manufacturers' association met at the Astor house Monday. Seven manufacturers who were not in the fight before sent in their names, while those already enrolled showed no sign of retreating. The seventeen men who comprise the committee are representative men of the industry, and personally supply nearly 65 per cent. of the brick sent to New York city. The committee passed the following resolution:

In view of the statement made by some that we (the brick manufacturers) have united in an effort to raise the price of brick, and that such was the object of our association, be it

RESOLVED, That boycotted brick be offered in the New York market at a price not to exceed \$8.50 a thousand, and we propose to supply the market with all the brick it needs as soon as the existing boycott is raised by the walking delegates, and at the prices prevailing before the present trouble began.

This declaration is of the utmost importance, as it was charged by the board of walking delegates that the manufacturers had boycotted this city and Brooklyn, not because they had suffered injustice and tyranny at the hands of their men, but because they intended to cut off the supply in order to raise the price.

The number of men who will be thrown out of work, should the boycott last three weeks, will probably reach 80,000, including carpenters, bricklayers, tanners, roofers, plumbers, glaziers, gas fixture experts, furnace and range supplies, iron workers, stone masons, carvers, architects, frescoers, plasterers, latheers, casters, longshoremen, hod carriers and mortar-makers, employees engaged in manufacturing brick, bargemen and crews for handling brick outside the city, and men who depend on the labor of these employees already mentioned to support their trades, such as house furnishers, decorators and others.

There are now over 1,000 buildings in the city in course of erection, and it is said on good authority that \$350,000 a week would not be an exaggerated estimate of the amount of money paid in wages on these buildings. Already the effect of the expected tightening of money among the laborers is being felt. The board of walking delegates also held a meeting Sunday, and, encouraged by the support of the brick builders' union, determined to fight the matter out to a finish.

FARMERS' CONGRESS.

Representatives from Nineteen States Meet in Council Bluffs.

OMAHA, Aug. 27.—The National Farmers' congress met at Council Bluffs yesterday. Delegates were present from Alabama, North Dakota, Illinois, Iowa, Kansas, Maine, Missouri, Michigan, Montana, New Jersey, New Mexico, Nebraska, Indiana, Pennsylvania, South Carolina, South Dakota, Tennessee, Wyoming and Wisconsin. President R. S. Kalb, of Alabama, presided. Rev. Dr. C. W. Blodgett, of Des Moines, opened proceedings with prayer. Governor Bois made a short address, and was followed by John Scott, of Nevada, Iowa, who made the formal speech of welcome. Maj. McRae, of Council Bluffs, also spoke a few words.

In his address President Kalb reviewed the condition of the farmers. He spoke of the decrease in agricultural wealth, and said: "This decrease is all the more shocking because the aggregate wealth of the company has immensely increased." He followed the history of the last forty years and blamed the protective tariff as being responsible for the farmers' present condition. Referring to the Farmers' Alliance, he called it a grand body to free agriculture from its thralldom.

In the afternoon Professor W. T. Chamberlin, of Ames, Iowa, Agricultural college, read a long paper on "Existing Facts and the Laws that Injure Agriculture," and Professor W. O. Atwater, of the experimental station at Washington, D. C., spoke of the work of that institution. A free excursion to Denver over the Union Pacific was accepted by the congress.

A Thunderbolt's Victim.

TACOMA, Wash., Aug. 27.—At Carbonado, Sunday, Mrs. Mary Wilson and her infant child were instantly killed by a falling tree. Mrs. Wilson, with the babe in her arms, was in the cemetery sitting on the grave of one of her children when the tree fell on them.

Large Schooner Captured.

MANITOWOC, Wis., Aug. 27.—The captain of the schooner Nadad, which arrived yesterday, wind bound, reports that he passed the capsized schooner Z. Y. M. C. A., of Chicago, thirty miles east of Keweenaw. It was lying on its side and seemed to be abandoned, as the small boat and crew were nowhere to be seen. The crew probably left the wreck soon after it went over, and are safe.

What the Scientists Want.

INDIANAPOLIS, Aug. 27.—At yesterday's session of the American Association for the Advancement of Science a resolution was passed requesting the National government to give the botanical collection at Washington better protection from fire. The association will ask congress to adopt the electric system of measurement in the customs houses. It was decided to admit members of foreign societies to the association without fee, and to bestow full privileges upon them. Another resolution was passed asking congress to protect forests.

McKinley Nominated.

MASSILLON, O., Aug. 27.—The entirely original and novel way of nominating by mass convention and acclamation was introduced in this, the sixteenth, yesterday. The formalities of a regular convention were almost entirely ignored, and after the assemblage had been called to order Congressman Simpson, of Wooster, was presented as the chairman and spoke fifteen minutes. McKinley's name was presented by Judge A. Munson in a speech of over an hour, after which he was nominated by acclamation.

ONE ENJOYS

both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, headaches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, prepared only from the most healthy and agreeable substances, its many excellent qualities commend it to all and have made it the most popular remedy known.

Syrup of Figs is for sale in 50c and \$1 bottles by all leading druggists. Any reliable druggist who may not have it on hand will procure it promptly for any one who wishes to try it. Do not accept any substitute.
